the key mantra of Dr mehra's treatment is the "DIET". Diet plays a important role in the treatment, By following this diet it has not only helped me in curing the kidney problem and diabetic it is also helping me to reduce weight. I was told ~~that~~ by allopathy doctors that mango increases ~~the~~ diabetes but u will not believe Dr mehra had asked to eat mango as much as possible i.e 4-5 Mangoes in a day. Surprisingly ~~the~~ mangoes have reduced (decreased) my diabetic. It was a like a magic. I have been taking treatment from Dr mehra from past 4 months in all these days my kidney stone size has reduced, and my both the kidneys are in normal
