

Asthma, Frozen Shoulder, Allergic Rhinitis

Mrs T. V. S. MANI.

Page 24

For the past several years I was badly suffering from Allergic cold. It was quite severe with constant running nose & sneezing. I had undergone several treatments such as Allopathy & Homeopathy, but all these gave me no relief. Meanwhile I retired from my service as a Sister in charge from B.M.C. It proved a little relief while at home. But with each seasonal change all the above symptoms appeared.

I was referred to Dr. Sunil Mehra by my daughter 14/03/83 the Scientist who had taken treatment for her daughter. Seeing my little grand daughter's health 2 years getting improved I was quite pleased. I decided to go to Dr. Sunil Mehra for treatment. When the treatment began from Doctor whose whose several doses and doses which followed meticulously.

It has been now 2½ years and I am a very relieved person. Doctor has not only treated but also improved my health & mentally & physically.

I am thankful & grateful to Dr. Sunil Mehra for his sincerity & in his profession, I bless him wholeheartedly.
