

Herpes Zoster

Kaneez Ansari

Hi my name is Kaneez Ansari. I am 24 years old. I was suffering from pimple problem since 1 year. One day suddenly I was just fed up going to skin specialist as there was no results at all. So I thought of changing to Homeopathy. I called just dial and got "DR MEHRN'S" phone number. I took an appointment with him on 9th January. He first made me believe in homeopathy and its magic. I started my pimple treatment. Suddenly on 14th Jan I had burning & itching as well as pain below my breast and at the back. I realised I had pimples like things growing over it. I came to "DR MEHRN". He said it's not any skin disease, it's "Herpes Zoster" the name that I never heard. He told me how it came and how it can be cured. He gave me small but powerful pills that I took regularly and I am ~~now~~ here cured almost 99.99%. I don't have any burning, no itching & no pain at all. When I was detected with herpes next day I came to meet doctor again, my doctor was astonished seeing me laughing walking the next day. I have recovered from herpes within "18 days" it's great.

Doctor knowledge is commendable. I just admire him and listen to what he says "because I believe 'golden words are not repeated' but he written his words in all the book that we read."

About telephonic Service its good whenever I call I get the appointment as per my convenience.

after meeting the doctor my lifestyle and my eating style has changed to "Healthy eating" I dont eat outside food at all which is called as non-sense.

All thanks to the doctor "MEHRA"
