NAME OF DISEASE: PSORIASIS OF THE SCALP

DURATION: APPROX 1 1/2 - 2 yrs

DURATION OF TREATMENT: 3 months

PERCENTAGE OF RECOVERY: 80%

My name is PRIYA THAGANI. I was troubled by my daughter's scalp issue which refused to heal. I tried allopathy treatments but to no avail. She was diagnosed as having PSORIASIS OF THE SCALP by Dr. MARWAT, a renowned skin specialist. But the solution offered by him was temporary in nature and I was told that allopathy offers no cure.

Dr. MEHRA was suggested by a friend of mine, who was undergoing treatment. The first time I visited the clinic I was informed by the doctor that homeopathy has a cure for PSORIASIS. It was a huge relief for me as I wanted a permanent cure and the doctor on the first visit itself assured and guaranteed a cure. Dr. Mehra asked me to maintain a diary regarding the diet and prescribed a herbal shampoo for topical application and no other ointment or medicine. I was given the standard sugar pills which

had to be taken thrice a day and at bedtime.

My daughter is 9 yrs old but she followed the regimen suggested by the doctor and maintained her diary herself. Thereafter in the subsequent visits she learnt the go's & joints of the various food groups and has become very particular about what she eats and specifically "at what time of the day she eats certain food items". It's been three months and I have noticed about a 80% change in her disease. Her scalp, which had white scaly flakes for about a year has cleared up and she has no itching whatsoever.

The entire process of fixing the appointments, meeting the doctor and scheduling the next appointment has been a very smooth process. The promptness for everything has been very professional but the communication with the doctor has been personal and I have at times asked the doctor a number of questions and he has answered my queries and I have been assured about the same with answers which put my doubts to rest.

Another thing that I appreciate

about Dr. Mahra is the fee structure. It is very convenient to remember and it also acts as a tool to make irregular patients regular because a lot of people do not value their own health but value their wealth dearly. So such people will make it a point to come to the clinic regularly.

Dr. Mahra has been honest, particular and to the point about the entire treatment which helped gain my trust and my daughter's recovery has ~~been~~ ^{been} exceptional. In Mumbai we follow the principle "BUYER BEWARE". Even I came to Dr. Mahra with this attitude and seeing his approach this attitude has been up to rest.
