Acne / pimples

Prashant Kargeti

Date 15/12/2007

I was suffering from acne/pimple since I was in edts class XIth, hence I visited Dr. Sunil Mehra on 23rd June 2007.

I visited Dr. Sunil Mehra only because ~~it was~~ his clinic was near to my house. Earlier I had no faith on Homeopathy, but after visiting Dr. Sunil my opinion has changed.

Now (till date 15/12/07) my pimples are almost recovered only spots are remaining. I hope I will be completely recovered.

Recovered from Acne/pimple within next few months. Not only my pimples are recovered my food habit are also improved and now I am much more regular for daily Exercises.

Dr. Sunil's treatment methods are not very tough but very simple. He always emphasises on good food habits and daily exercises. Medicines given by him are sweet in taste (unlike other ~~other~~ medicines) and do not have any side effect.

The services provided here are excellent specially telephonic appointment system. Rupali Didi was very helpful to me for explaining me diet chart and medicine timings.

I am very much thankful to Dr. Sunil for almost curing me. ~~Now~~ Now I am much more confident with my clean ~~face~~ spot less face.

"Thank you Doctor"
