

Sneezing, Cold, wheezing, (Warts) Pimples on head & back
And Urine problem.

ANIL ALEX

Mob. no. [REDACTED]

Date: 2nd Sept 2006.

The above mentioned illness has been ailing me since 2003 onwards.

I started homeo treatment from April 2005. I have had tremendous improvement from cold, Cough, Sneezing, warts and pimples on the back. I would say it have found improvement by 80% after I started Consulting Dr. Sunil. But response of homeo to pimples on my head has been a bit slow compared to rest. It has only improved 25%. Urinary infection there has been an improvement by 50%.

I respect & like the way Dr. Sunil consults & treats. I can vouch that one can fully get cured if one follows Dr. Sunil instructions 100%. The compounders have been very helpful and structured in their work.

Message :- I would say homeo treat. is amongst the best treatments I have come across so far with no side effects. It tries to work on the root cause of the problem and I sure it would treat to cure complete. Have some patience & it will definitely cure.
